EXPERIENCE

Renal Dietitian

2018 - Present

Fresenius Kidney Care; Webster, TX

Provide nutrition care to hundreds of dialysis patients each year.

- Increase company revenue by improving and maintaining pharmacy enrollment. Increased company pharmacy enrollment rate by more than 40% over the first four months in the clinic.
- Implement nutrition interventions that helped achieve consistent improvements in quality outcomes, earning the highest score recorded for the clinic in four years.

Teaching Assistant

2016 - 2018

University of Houston; Houston, TX

Evaluated and graded case studies, lab reports, online discussion posts, and other assignments for advanced nutrition courses. Managed course content through online learning management systems.

Registered Dietitian

2017 - 2018

The Menninger Clinic; Houston, TX

Assessed nutritional and educational needs for hundreds of patients. Provided nutrition interventions for patients with mental health diagnoses and comorbidities. Supervised and provided training to 20+ service staff members.

- Led departmental initiatives, including development of patient education materials, diet analysis, and menu development for hundreds of menu items.

Dietetic Intern

2016 - 2017

University of Houston; Houston, TX

Completed 1,200 supervised practice hours required to become eligible for the Registration Examination.
